

Earn **free** money with

Plastic drink pouches like Capri Sun are really convenient, BUT... uh oh! they are NOT recyclable. Did you know that when you throw them into the trash, they will sit in a landfill for 500 years? Well, the CWE Drink Pouch Brigade has a solution. They want to collect all of the used drink pouches in our community and **UPCYCLE** them into useful new products! Not only will we be helping the environment, but we will be earning **FREE MONEY** for our school.

Here's how...

- Step One** When you finish your drink, remove the straw and save the pouch.
- Step Two** Bring your empty pouches to school and deposit them in the collection bin in the cafeteria. (Look for the Be Green, Earn Green and TerraCycle logos.)
- Step Three** Pouches will be collected and mailed to TerraCycle, a company that turns them into cool bags and pencil cases. In return, Commonwealth Elementary will earn 2¢ per pouch and a whole lot of good karma!!
